

June 16, 1941.

Mr. J. Dory Laramore,  
228 N. Willow St.,  
Trenton, N. J.

Dear Laramore:

I am writing to enclose a check for the money you spent, plus a little extra for your time. It is too bad we were rained out. Do you think we would have had many people, if the weather had been nice. I was wondering if it would be a good idea to try some twilight baseball, due to the fact the soldiers are off at that time. I would like very much to talk to you or hear from you about this, as we are having our schedule League Meeting in New York this Thursday, and I might schedule some games in there.

Very truly yours,

EM:CCJ

P. S. Mrs. Jacobs has just called to my attention the fact that you were not paid in full for distributing placards for the opening day. You were sent a check for \$5.00, but considering the wide range of territory you have to cover, this was really not sufficient pay. Please pardon my delay in over-looking this matter.

Hoping you have not been put to any inconvenience. The check enclosed is in payment for \$3.00 for hand bills, \$3.85 transportation, and \$10.00 for the time you worked.
